- Projects
 - Freedom Park: Still waiting on information regarding this project. We do know that the course is likely to have single pads with multiple pin placements.

 - Red Ridge: The course is not quite finished as of yet and players should refrain from playing until the course is completed.
 - Floyd Lamb State Park: Talking with city to see if we can put a temporary course in once in a while.
- GCC X: Given the turnouts of the tournaments, the club has decided to host a two weekend event in 2010. The first weekend will be for Amateurs and consist of two days of play. The second weekend will be for professionals and consist of 3 days of play. It was also brought up that we should have the Pros weekend run on Saturday, Sunday, and Monday so players could travel to the Memorial.
- Clinics: This will not be a formal project taken on by the club; however, if any persons feel they would like to contribute in this capacity, please inform the club.
- Tournaments

 - Halloween: HELP WILL BE NEEDED TO RUN THIS EVENT. There is also a debate about the location of this event.
